\*Denotes Mandatory field

ORDERING DETAILS		COMPANY BILLING DETAILS	
Company placing the <u>order/contracting</u> the work and who will receive the results/reporting documents.		Company <u>paying</u> for the order/work - full details must be given below if different to the 'ordering' company & a representative from each company must sign at the bottom of this form.	
Your Company Name, Address & Postcode *		Your Company Billing Address & Postcode* (If different to left)	
Contact Name*		Accounts Contact*	
Mobile*		Accounts Telephone*	
Email Address*		Accounts Email*	
Telephone		VAT Number*	
Purchase Order number for this order		UK Company Registration number*	
Additional reporting email addresses if necessary		Legal Status*	
		Purchase Order number required by your Company for payment?	YES <input type="radio"/> NO <input type="radio"/>

Number of samples:	State the number of samples in this order & list the references below & on each sample bag sent. For large batches of sample email <a href="mailto:plantclinic@fera.co.uk">plantclinic@fera.co.uk</a> a spread sheet of references using the template at this link - <a href="https://www.fera.co.uk/crop-health/sample-shipping-information">https://www.fera.co.uk/crop-health/sample-shipping-information</a>
--------------------	--

Your Reference(s)*	
<ul style="list-style-type: none"> <li>• Please indicate the specific test you require in the table on page 2 of this form.</li> <li>• Details of our standard tests can be found here: <a href="https://www.fera.co.uk/crop-health/popular-services/soil-health-unit.html">https://www.fera.co.uk/crop-health/popular-services/soil-health-unit.html</a></li> <li>• Failure to specify a test will result in your sample being delayed or rejected for testing and disposed of.</li> <li>• For large batches of samples email <a href="mailto:plantclinic@fera.co.uk">plantclinic@fera.co.uk</a> a spread sheet of references using the template at this link - <a href="https://www.fera.co.uk/crop-health/sample-shipping-information">https://www.fera.co.uk/crop-health/sample-shipping-information</a></li> <li>• We are unable to carry out our 'Diagnose My Plant' or 'Diagnose my Fungal Problem' tests on soil or compost.</li> <li>• If unsure of the testing required or you require a bespoke test please contact us at <a href="mailto:plantclinic@fera.co.uk">plantclinic@fera.co.uk</a> before sending your sample(s)</li> </ul>	

I hereby authorise Fera Science Ltd to process this order and test the sample(s) in agreement with Fera's 'Standard Terms and Conditions for the Supply of Goods & Services' (available on request). I am aware the invoice will be raised on Fera receiving my order. I have read the testing guidance on the reverse of this form with regards to the information I have given on this submission form. Your statutory rights are not affected.			
Signed:	Signature of person ordering	Signature of person to be invoiced	Date:
PLEASE NOTE: If 'Ordering' & 'Billing' company are different a representative from both companies must physically sign the form before samples will be processed, this can be signed and scanned. Unsigned forms will not be processed and cause delay in sample testing.			
Fera would like to use your contact details to inform you about our services/offers/events, please tick the box if you wish to <u>opt-in</u> to receiving this information. <input type="checkbox"/>			
For further details regarding how Fera uses any information you share with us, please see our privacy notice: <a href="http://www.fera.co.uk/privacy-policy">www.fera.co.uk/privacy-policy</a>			

### Guidance for sending your soil sample for testing to Fera Plant Clinic

#### How to select your sample

Please email the Fera Plant Clinic for a copy of the current soil sampling protocol - [plantclinic@fera.co.uk](mailto:plantclinic@fera.co.uk)

#### How to package your sample

Ideally, samples should be dispatched by either courier service or first-class post to arrive at Fera next day. If possible, avoid sending samples over the weekend/Bank holidays, however if unavoidable mark the outer packaging for fresh plant material with '**Please refrigerate on arrival**' if necessary.

### TEST NAME AND SAMPLE SIZE REQUIRED

Test prices are available at: <https://www.fera.co.uk/crop-health/popular-services/soil-health-unit.html> or by quote

Test name and code	Sample size required	No. of samples
<b>Fungal Tests</b>		
<input type="checkbox"/> Club root ( <i>Plasmodiophora brassicae</i> ) soil analysis (MC00001) Presence/absence test	1 kg of soil/compost required per 4 hectares	
<input type="checkbox"/> Powdery scab ( <i>Spongospora subterranea</i> ) (MC00004)	1 kg soil	
<input type="checkbox"/> Phytophthora (except <i>P. fragariae</i> , <i>P. rubi</i> , & <i>P. idaei</i> ) & Pythium bait (MC00006)	500g - 1kg soil/compost	
<input type="checkbox"/> Verticillium dahliae Soil Analysis (MC00010) Not available on compost or soils with high organic content	1 kg soil	
<input type="checkbox"/> Identification of Trichoderma aggressivum on compost (MC00003) Presence/absence test	500gs compost	
<b>Nematode Tests</b>		
<input type="checkbox"/> General free-living plant-parasitic nematodes from soil: Basic analysis (NE00002) type identification	500g soil	
<input type="checkbox"/> General free-living plant-parasitic nematodes from soil: Standard analysis (NE00003) genus/species identification	500g soil	
<input type="checkbox"/> Virus-vector nematodes from soil: Needle and Dagger nematodes (NE00007) genus/species identification	500g soil	
<input type="checkbox"/> Virus-vector nematodes from soil: Stubby-root nematodes (NE00008) genus/species identification	500g soil	
<input type="checkbox"/> Detection of Potato Cyst Nematodes (PCN): extraction from soil & identification (NE00009)	> 1 kg soil	
<input type="checkbox"/> Monitoring of Potato Cyst Nematodes (PCN): extraction from soil – monitoring only (NE00010)	> 400g Soil	
<input type="checkbox"/> Cyst nematode add-on – species identification (per genus, only available if viable adult female cyst nematodes are found)	N/a – carried out on existing sample	
<input type="checkbox"/> Cyst nematode add-on – eggs per gram analysis (SOT0011, only available if viable adult female cyst nematodes are found)	N/a – carried out on existing sample	
<b>Virus Tests</b>		
<input type="checkbox"/> Soil spraying bait test (please state below which virus is required)		
<input type="checkbox"/> TRV only (VR00021)	1 kg of soil / compost required per 4 hectares	
<input type="checkbox"/> PMTV only (VR00013)		
<input type="checkbox"/> PMTV and TRV combined (VR00016)		
<input type="checkbox"/> Combined test Powdery scab & PMTV (VR00008)
